Interim Directors' Report pursuant to Listing Rule 5.75.2

This interim report is published in terms of the Malta Financial Services Authority Listing Rules Chapter 5 and the Prevention of Financial Markets Abuse Act, 2005. The consolidated interim financial information included in this report has been extracted from MIDI plc's unaudited consolidated financial information for the six months ended 30 June 2011 prepared in accordance with IAS 34 'Interim Financial Reporting'. In terms of Listing Rule 5.75.5, this interim report has not been audited or reviewed by the Group's independent auditors.

Principal Activity

The principal activity of the group is the development of the Manoel Island and Tigné Point Project.

Review of Financial Performance

For the first half of 2011 MIDI p.l.c. and its' subsidiaries (MIDI Group) registered a consolidated pre tax profit of €1.79 million compared to €0.84 million in the comparative period last year. The movement in the profit levels is in line with the nature of the Group's business activities, where gross profitability varies in relation to the volume of contracted sales of residential units and the cost of sales directly attributable to these sales.

Group revenues amounted to €22.6 million, of which aggregate sales revenue of €20.5 million resulted from the execution of the final deeds of sale of a number of residential apartments in the block referred to as T10.

'The Point' shopping mall and the underlying public car parking, launched in March 2010, were in operation throughout the first half of 2011 and both have shown a steady increase in activity levels. The retail outlets on Pjazza Tigné have also been completed; a number of the units have been leased out and are expected to open for business during the coming months.

Construction works were focused on the final stages of the Tigné North underground levels which comprise garages and parking spaces together with significant infrastructural investment spend in plant rooms, access roads and services necessary to support the Tigné Point development. In addition, finishing works on 22 designer apartments overlooking Pjazza Tigné are proceeding on schedule for the expected launch of these apartments before the end of the current year. MIDI continued carrying out restoration works on Fort Manoel in accordance with obligations arising out of the deed with the Government of Malta.

During the second half of 2011 MIDI Group is expecting to continue delivering T10 apartments to their new owners. However, as envisaged, the level of apartment deliveries is expected to be lower than the amounts registered during the six months ended 30 June 2011 which will in turn affect the results of the Group. This notwithstanding, the Group is expecting to post a satisfactory level of consolidated financial results. The Group is finalising detailed plans for the final phases at Tigné Point which comprise a mix of residential, offices and retail units. Construction work on these phases is expected to commence in 2012.

There are no particular risks and uncertainties that are expected to have a significant impact on the financial results of the group for the forthcoming six-month period and its financial position as at 31 December 2011.

Interim Directors' Report pursuant to Listing Rule 5.75.2 (continued)

Dividends

The directors do not recommend the payment of an interim dividend.

In 2011, the group adopted new standards, amendments and interpretations to existing standards that are mandatory for the group's accounting period beginning on 1 January 2011. The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in changes to the group's accounting policies.

3. Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the board of directors, which reports are utilised to make strategic decisions. The group has two operating segments:

- property rental and management, which currently mainly involves the management and lease of retail space within 'The Point' shopping mall together with the rental of other areas in the project.

The board of directors assesses the performance of the segments on the basis of segment operating result, before financing costs and tax impacts. The financial information for the reportable segments in relation to the six-month periods ended 30 June 2011 and 2010 is as follows:
